6.0 State of Company's Affairs and Future Outlook

Max Demand 19409 MW on 22/03/24 during 2023-24 Category wise Generation in MW

6.1 Overview of Journey till March 2024.

We have built and own 1091 number of substation as on 31st March 2024 in comparison to 797 Nos. of substation in 31st March 2012. Each new substation is being added not only to cater the demand but to give reliable & quality power on 24 x 7 basis along with stability of network as well as reducing the losses. With the addition of each new substation, one can understand the growth of transmission utility commensurate with additional generation capacity matching with demand.

Sl.No.	Voltage Class	Substations Commissioned during 2023-24(Nos.)	Substations as on 31.3.2024(Nos.)	EHV Network Additions during 2023-24	EHV Network as on 31.03.2024 (Ckm)

6.2 MAJOR INITIATIVES BY TANTRANSCO

TANTRANSCO's one of the major initiatives in establishing 765 kV high voltage transmission network for transferring huge power from the conventional and Non-Conventional energy sources to the load centre across the State. Transferring power to long distances in Extra High Voltage Transmission Network is to facilitate for reduction of Transmission losses and to enhance the reliability, flexibility, Available Transfer Capability in transmission network.

North Chennai Pooling 765 kV GIS Station & Ariyalur 765 kV Substations were commissioned on 02.02.2024 & 28.12.2023 respectively to evacuate power from the 800 MW North Chennai Thermal Power Station Stage III. The work in 765 kV Substation at Virudhunagar is in Progress and another 1 No. 765 kV Substation at Coimbatore is also proposed for establishing 765 kV connectivity from Virudhunagar to North Chennai Pooling Station.

Emerging technology of Digital Substation where operation is managed by Distributed Intelligent Electronic Devices (IED) interconnected by communication networks for control & monitoring through Software logics is considered in few substations. Digital Substation has the feature of early troubleshooting, restoration time and also supports interoperability of protection devices such as relays, measuring devices. In this way, Selvapuram 230/110 kV substation in Coimbatore district, and Thiruvannamiyur in Chennai will be commissioned during 2024-25.

The natural disasters such as flood and cyclone cause extensive damages to transmission networks resulting in wide spread disruption of power supply in many important transmission links and substations for long periods which depending on restoration time. In order to reduce the time taken in restoration of Transmission network, 2 sets of Emergency Restoration System (ERS) suitable up to 765 kV for immediate and Temporary restoration of Transmission network at a cost of Rs.32 Crore has been procured.

6.3 CHALLENGES BEFORE TRANSMISSION LICENSEE:

- i. Apart from establishment of new EHT Substations, EHT lines and repairing & reconditioning of Sick Transformers, Transmission wing also plays a major role in restoration of power supply in EHT networks after natural calamities such as flood and cyclones.
- ii. The progress of EHT Lines and Cable laying works has been delayed due the following:
 - a. Objection by Land Owners for erection of Towers and consequent Court cases.
 - b. Objection by farmers association for erection of EHT Lines in the agricultural Lands.
 - c. Obtaining approvals from other Departments like Railways, Forest, NHAI etc.,
 - d. Obtaining permission from other Departments like Corporation, PWD, NHAI, Police, CMRL etc., for Cable laying works.
 - e. Obtaining necessary details from District Administration for payment of crop compensation.
- iii. Efforts are being taken up for resolving Right of Way (RoW) issues and EHT Lines commissioning by TANTRANSCO:

TANTRANSCO is paying crop compensation based on the rates assessed by Revenue Authorities for various types of crops damaged and various types of trees removed which are essentially required to have adequate vertical and horizontal clearances as prescribed by the Indian Electricity Rules.

Earlier, Land compensation is being paid based on the G.O Ms. No.63, dt. 22.11.2017. Presently, Land compensation is being paid to the affected Land Owners based on the amendment G.O No.86, dt.31.10.2019 issued by the Govt. Of TamilNadu in which the land compensation for tower base area enhanced to 100%, stringing corridor area (RoW) enhanced to 20% and Rs.50,000/- is fixed as minimum payable amount for tower base area for first 3 cents.

6.4 State Grid Operations

State Load Dispatch Centre (SLDC)

The state load dispatch centre is the Apex body to ensure integrated operation of the power system in the State.

Functions of State Load Dispatch Centre are as under:

- (a) Responsible for optimum scheduling and dispatch of electricity within a State, in accordance with the contracts entered into with the licensees or the generating companies operating in that State;
- (b) Grid operations; Monitoring
- (c) Keep accounts of the quantity of electricity transmitted through the State grid;
- (d) Exercise supervision and control over the intra-State transmission system; and
- (e) Responsible for carrying out real time operations for grid control and dispatch of electricity within the State through secure and economic operation of the State grid in accordance with the Grid Standards and the State Grid Code.

SLDC is carrying out real time operation such as monitoring & control of grid parameters, outages, contingency management & disturbance handling in coordination with SRLDC and Intra-state generation companies, transmission licensees, distribution utilities and open access users so as to ensure healthiness of the state grid and ensure economical power transmission to the State of Tamil Nadu. Issuing Energy Injection reports for Renewable Energy Certification to Renewable Energy Generators in the State. SLDC is nodal agency for Short Term Open Access approval for Tamil Nadu.

6.5 Highlights for the FY 2023-24 are as under:

- i. Maximum State Demand catered was 19,409 MW reached on 22.03.24
- ii. System frequency

Frequency Profile for 2023-24:

Percentage of time when frequency was between

- | | | |
|------|--------------------------------|-----------|
| i) | < 49.9 Hz | 7.20 % |
| ii) | 49.90 Hz to 50.05 Hz | 73.83 % |
| iii) | > 50.05 Hz | 18.97 % |
| iv) | Average frequency for the year | 50.00 Hz. |

iii. Energy demand catered: (Maximum during 2023-24)

6.7 Renewable Energy Generation

6.8 Demand Forecasting:

- At present the day ahead Demand Forecasting is done based on the past historical data.
- The grid demand is managed by the dispatch schedule to the generating stations as per the day ahead generation availability.

- Present day consumption in MU of the State includes the Auxiliary Consumption of Generators in the Tamilnadu control area and the Transmission losses.
- TANGEDCO has to provide the Demand for Region wise after deducting the respective losses in block wise.

6.9 Open Access & Grid connectivity related Activities for the year 2023-24

7.0 HRD Initiatives:-

Human Resource Development wing is imparting training to various levels of Engineers / Officers (Class-I & II) through the 4 Training Institutes namely;

- a. Staff Training College/Chennai.
- b. Transmission & Distribution Training and Development Institute & Research Centre/ Madurai.
- c. Thermal Training Institute & Research Centre/North Chennai
- d. Hydro Training Institute & Research Centre/Kuthirakallmedu.

The training is also imparted to all Staff (Class III & IV) through the 10 Technical Training & Development Centres located at different parts of the state. Also, a Cable Jointing Training & Development Centre, Chennai is providing hands on practical training on Cable Jointing & End termination to the Engineers/Staff.

7.1 The details of training provided to the employees of TANTRANSCO Engineers / Non -- Technical staff during the Year 2023-24 and the cost are furnished below.

OFFICE OF THE PRINCIPAL
ACCOUNTANT GENERAL (AUDIT II),
TAMIL NADU & PUDUCHERRY

**COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA
UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL
STATEMENTS OF THE TAMIL NADU TRANSMISSION CORPORATION
LIMITED FOR THE YEAR ENDED 31ST MARCH 2024**

The preparation of financial statements of the Tamil Nadu Transmission Corporation Limited (TANTRANSCO), Chennai for the year ended 31st March 2024 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the Company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 139(5) of the Act are responsible for expressing opinion on the financial statements under Section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 30 December 2024. The Statutory Auditors have given an Adverse Opinion.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of TANTRANSCO for the year ended 31 March 2024 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

In addition, I would like to highlight the following significant matters under section 143(6)(b) of the Act which have come to my attention and which, in my view, are necessary for enabling a better understanding of the financial statements and the related audit report:

A. Comments on Profitability

Statement of Profit and Loss

Other Expenses (Note 29) - ₹ 238.76 crore

1. Repairs and Maintenance under Other Expenses includes ₹87.01 crore being the expenditure incurred under the GL Code-4021118 titled as Cons-Capital Services. The expenses incurred under the Code include expenditure of capital nature. Pending due

segregation of the expenses under the Code, the above amount should not have been charged to Statement of Profit and Loss. This has resulted in overstatement of Other Expenses and understatement of Profit for the year by ₹87.01 crore.

Other Income (Note 25) - ₹420.27 crore

2. The above account head includes an amount of ₹16.12 crore received by invoking seven Bank Guarantees furnished by M/s BGR Energy Limited for non-performance of the contracts for establishment of 230/33KV Gas Insulated Substations. As the bank guarantee was invoked for the delay in execution of capital projects, it should be reduced from the cost of capital projects. This has resulted in overstatement of 'Other Income' as well as 'Capital Work-in-Progress' by ₹16.12 crore. Consequently, Profit for the year is overstated by ₹16.12 crore.

Employee Benefit Expenses (Note 26) - ₹2197.59 crore

3. The above head includes ₹15.67 crore being the liability for wage arrears to be paid to the employees shown in the accounts of Circles. As the provision of ₹55 crore has been made in the Head Quarters for the second instalment of wage arrears payable in the 2024-25, the above provision of ₹15.67 crore in the accounts of Circles is excess and resulted in overstatement of Employee Benefit Expenses and Current Liabilities by ₹15.67 crore. Consequently, Profit for the year is understated by ₹15.67 crore.

B. Comments on Financial Position

Balance Sheet as at 31st March 2024

Assets:

Non-Currents Assets – ₹ 53,632.93 crore

Property, Plant and equipment (PPE) (Note 4(a)) - ₹37,494.45 crore

1. The above amount includes scrap material valuing ₹15.63 crore held in various Circles of TANTRANSO. As per Para 38 of Ind AS 105, non-current assets held for sale shall be presented separately from the other assets in the Balance Sheet. As the scrap material is held for disposal, Property, Plant and Equipment is overstated and Assets held for sale is understated by ₹15.63 crore.

Capital Work-in-progress (Note No. 4(a)) - ₹15,654.21 crore

2. The above amount includes ₹3,642.68 crore, being the aggregate cost of 262 assets commissioned during the year 2023-24 (only in respect of three General Construction Circles (GCC) of Chennai, Madurai and Trichy) but not capitalised as Fixed Assets. As the commissioned assets were not capitalised, Capital Work in-Progress is overstated by ₹3,642.68 crore and 'Property, Plant and Equipment' is understated by the same amount. The impact of Depreciation on these commissioned assets could not be quantified by Audit as the classification of these assets and the useful life of these assets are yet to be assessed by the Management. This is not in compliance with Paragraph 55 of Ind AS 16, which requires that depreciation of an asset begins when it is available for use.

C. Comments on Disclosure

1. In respect of Post-Retirement Plans¹, combined actuarial valuation is obtained for the employees working in both TANGEDCO and TANTRANSCO together. : As per the policy, existing prior to 2023-24, such post-retirement benefits were apportioned between TANGEDCO and TANTRANSCO in the ratio of 6/7 and 1/7 of the actuarial valuation, representing 84 *per cent* and 14 *per cent* respectively. In 2023-24, the apportionment on the incremental movement in the value of post-employment benefits was revised as 82 *per cent* and 18 *per cent* respectively between TANGEDCO and TANTRANSCO based on the revisiting of estimates. This change in accounting policy resulted in overstatement of provisions under Non-Current Liabilities and understatement of provisions towards Current Liabilities by ₹932.51 crore and ₹94.33 crore respectively. Consequently, the Employee Benefit Expenses of TANTRANSCO were overstated and the Profit for year was understated by ₹838.18 crore. Considering the impact on current year accounts, suitable disclosure under Note 26 should have been made by the Company. Moreover, as TANGEDCO and TANTRANSCO are separate Companies, the actuarial valuation should have been separately in respect of each Company.

Legacy Codes

1. TANTRANSCO has 37 General Ledger Accounts ending with the term 'legacy' with asset codes, the balances of which aggregate to ₹2304.31 crore as on 31 March 2024 and 18 General Ledger Accounts ending with the term 'legacy' with liability codes, the balances of which aggregate to ₹2994.26 crore as on 31 March 2024. The above balances have been grouped under various items of the Financial Statements. Proper study of the legacy code balances needs to be made. As these codes have been in existence ever since migration to the ERP system of accounting (FY 2021-22), an early and decisive action would bring out a clearer picture/state of affairs. These status of such legacy accounts should have been disclosed in the Notes to the Financial Statements.

Goods & Services Tax (GST)

2. TANTRANSCO has not filed the Annual GSTR-9C Returns certified by a Chartered Accountant for the financial years from 2019-2020 to 2023-24. The liability arising due to the above default, needs disclosure in the Notes to the financial statements. TANTRANSCO has not reconciled the difference between the Revenue from Operations as per audited accounts and the turnover as per GSTR-9 for the last three years from 2021-22 to 2023-24, as detailed below:

Financial Year	Revenue from Operations as per Accounts (₹ in Crore)	Turnover as per GSTR-9 (₹ in Crore)	Difference (₹ in crore)
2021-22	3,432.94	2,663.29	769.65
2022-23	4,410.46	3,700.85	709.61
2023-24	5,890.95	4,828.35	1,062.60
Total	13,734.35	11,192.49	2541.86

The above facts and difference should have been disclosed.

3. TANTRANSCO has not classified the Trade Receivable balances according to their tenure of outstanding and nature of dispute, if any, in accordance with Schedule III of the Companies Act, 2013.
4. TANTRANSCO does maintain a list of vendors, who are categorized as Micro Small Medium Enterprises (MSME) and registered under MSMED Act, 2006. Hence Audit could not certify the compliance to the provisions of MSMED Act, 2006 have been fully complied with regard to transactions including settlement of dues within the time

limits prescribed under that Act and payment/ provision of prescribed interest for delayed settlements. The value of overdue and interest payable and the consequent impact on the Statement of profit and loss is not ascertainable in the absence of adequate information and explanation needs disclosure in the Notes to the financial statements.

Regulatory Assets:

5. TANTRANSCO has not disclosed the facts and figures of the revenue gap amounting to ₹5237.53 crore approved as by the TNERC vide order dated 10 October 2024 on Miscellaneous Petition No. 20 of 2024. TNERC has stated that it would recalculate this deficit at the time of submission of final true-up Petition for the year 2022-23. The above facts needs to be disclosed in the Notes to Accounts.

Failure to claim refund of TDS and TCS

6. TANTRANSCO failed to claim, in the Returns of Income, refund of TDS and TCS aggregating to ₹41.53 crore during the years 2020-21 and 2021-22. As the time limit for filing of the revised/rectified Returns of Income for the above years expired, the above amounts become irrecoverable. The filing of faulty/incomplete Returns leading to the irrecoverable loss needs disclosure in the Notes to Accounts

Statement of Profit and Loss

Comment	Reply by management
Other Expenses (Note 29)- 238.76 crore	
1.Repairs and Maintenance under Other Expenses includes ₹87.01 crore being the expenditure incurred under the GL Code- 4021118 titled as Cons-Capital Services. The expenses incurred under the Code includes expenditure of capital nature. Pending due segregation of the expenses under the Code, the above amount should not have been charged to Statement of Profit and Loss. This has resulted in overstatement of Other Expenses and Loss for the year by ₹87.01 crore.	Periodical settlement through ERP are regularly carried out. All the expenses that are tagged to work order are transferred to AUC on periodical settlement. The expenses that are not tagged to work order (WBS/IO) are revenue expenditure. On analysis, the said value is not tagged to cost centre which indicates the Revenue nature. Guidelines are being issued to circles to operate the appropriate GL codes for the relevant transactions. However, appropriate tagging of work order and prompt periodical settlement will be ensured in future years.
Other Income (Note 25)- 420.27 crore	
2.The above amount includes ₹16.12 crore received by invoking seven Bank Guarantees furnished by BGR Energy Limited for non-performance of the contract for establishment of 230/33KV Gas Insulated Substation. As the bank guarantee was invoked for the capital project, the above amount should be reduced from the cost of Substation. This has resulted in overstatement of Other Income as well as Capital Work in Progress by ₹16.12 crore. Consequently, Loss for the year is understated by ₹16.12 crore.	Contract has been awarded to M/s. BGR Energy Limited, Chennai, for establishment of 230/33KV GIS SS at Thiruvanniyur, 110/33-11KV GIS SS at Velachery, 400/230-110 KV AIS SS at Edayarpalayam in Coimbatore vide various work orders/contract. M/s. BGR Energy Ltd., has failed in their contractual obligations as per the contract. M/s. BGR, had filed a writ-petition at the High Court of Judicature at Madras (Special Original Jurisdiction) on 07.09.2023 vide W.P. No. 26564 of 2023. Hon'ble High Court of Madras has

	dismissed the above petition and directed to serve the termination order within three days (attached herewith). 09.01.24 . As per Contract terms, the performance BG submitted by M/. BGR Energy Ltd, Chennai was invoked, an amount of Rs. 16,12,76,315/- was credited to TANTRANSCO Account and brought into accounts as income (as a penalty). With regard to invocation of the BG, if the amount is a recovery of cost incurred due to poor performance and compensates for additional cost incurred, it should reduce the capital asset cost (CWIP/PPE). If it is purely a penalty or compensation for non-performance, it should be recognized as other income. The issue will be analysed and appropriate treatment will be done in the future year.
Employee Benefit Expenses (Note 26) ₹1858.77 crore 3.The above head includes ₹15.67 crore being the liability for wage arrears to be paid to the employees shown in the accounts of Circles. As the provision of ₹55 crore has been made in the Head Quarters for the second instalment of wage arrears payable in the 2024-25, the above provision of ₹15.67 crore in the accounts of Circles is excess and resulted in overstatement of Employee Benefit Expenses and Current Liabilities by ₹15.67 crore. Consequently, Profit for the year is overstated by ₹15.67 crore.	The 1st instalment of wage revision arrears to be paid in FY 2023-24. Liabilities for the same created by the circles and the Payment entries are made at HQRS, will be analysed and set right in future year.

As suggested by AG Audit, the scrap material will be presented appropriately in the FY 2024-25.
Capital Work-in-progress (Note No. 4(a)) ₹15,654.21 crore	
2.The above amount includes ₹3642.68 crore, being the aggregate cost of 262 assets commissioned during the year 2023-24 (only in respect of three General Construction Circles (GCC) of Chennai, Madurai and Trichy) but not capitalised as Fixed Assets. As the commissioned assets were not capitalised, Capital Work in-Progress is overstated by ₹3642.68 crore and Property, Plant and Equipment is understated by the same amount. The impact of Depreciation on these commissioned assets could not be quantified by Audit as the classification of these assets and the useful life of these assets are yet to be assessed by the Management. This is not in compliance with Paragraph 55 of Ind AS 16, which requires	ERP was implemented during the financial year 2021-22. Prior to the implementation of ERP, the closing of work orders and the capitalisation of assets was done through the passing of journal entries. However, in ERP the closure of work orders and the capitalisation of assets is done through process. The balances in the work in progress, was migrated into ledger balances, tagged to the work orders through internal work orders. Circles of TANTRANSCO are being guided to capitalize the assets as and when commissioned and put into beneficial use.

that depreciation of asset begins when it is available for use.

The above balances have been grouped under various items of the Financial Statements. Proper study of the legacy code balances needs to be made. These facts should have been disclosed in the Notes to the Financial Statements.	Since inception of SAP ERP during 2021-22, GL codes have been created for migration of financial balances from the previous year annual accounts (Legacy GLs). Further, additional GLs were also created to accommodate the transactions carried out through ERP process (Process GLs). Since the SAP ERP was implemented in a phased manner, there are still transactions without process in ERP which are brought into accounts by passing journals in ERP (JV GLs). However, for the transactions wherever process available in ERP and cut-over data uploaded, those transactions' Legacy balances will be reconciled and set right by issuing detailed guidelines to circles to regularises the legacy balances.
Goods & Services Tax (GST)	
2.TANTRANSCO has not filed the Annual GSTR-9C Returns certified by a Chartered Accountant for the financial years from 2019-2020 to 2023-24. The liability arising due to the above default, needs disclosure in the Notes to the financial statements. TANTRANSCO has not reconciled the difference between the Revenue from Operations as per audited accounts and turnover as per GSTR-9 for the last three years from 2021-22 to 2023-24, as detailed below:	The GSTR 9 is being filed on or before 31st December every year. The Annual Accounts of TANTRANSCO are signed subsequently, after the filing of GSTR9 returns. Hence, differences exist between the turnover reflected in the GSTR9 returns and the turnover reflected in Annual Accounts. Further, the differences mentioned between the Revenue from Operation as per Accounts and Turnover as per GSTR9, pertains to the exempted turnover.

Financial Year	Turnover as per Accounts (Rs. In Crore)	Turnover as per GSTR-9 (Rs. In Crore)	Difference (Rs. In crore)
.	a	b	C= a-b
2021-22	3,432.94	2,663.29	769.65
2022-23	4,410.46	3,700.85	709.61
2023-24	5,890.95	4,828.35	1,062.60
Total	13,734.35	11,192.49	2,541.86

The above facts and difference should have been disclosed.

3. TANTRANSCO has not classified the Trade Receivable balances according to their tenure of outstanding and nature of dispute, if any, in accordance with Scheduled III of the Companies Act, 2013.

In the Trade Receivables the major portion is the transmission charges pertaining to TANGEDCO and confirmation balances were produced by TANGEDCO. However, appropriate disclosure with respect to tenure of outstanding will be made in the FY 2024-25.

4. TANTRANSCO does maintain a list of vendors, who are categorized as Micro Small Medium Enterprises (MSME) and registered under MSMED Act, 2006. Hence the audit could not certify the compliance to the provisions of MSMED Act, 2006 have been fully complied with regard to transactions including settlement of dues within the time limits prescribed under that Act and payment/ provision of prescribed interest for delayed settlements. The value of overdue and interest payable and the consequent impact on the Statement of profit and loss is not ascertainable in the absence of adequate information and explanation needs disclosure in the Notes to the financial statements.

TANTRANSCO is in the process of categorising trade payables as payable to MSME and other than MSME. Currently, in SAP, while creation of vendor, the MSME status is mandated. However, validation to be set, for updating the status at the time of bill passing. Upon updation of MSME status in complete shape, the trade payable of MSMEs will be arranged to be furnished.

Regulatory Assets	
5.TANTRANSCO has not disclosed the facts and figures of the revenue gap ₹5237.53 crore approved as by the TNERC vide order dated 10 October 2024 on Miscellaneous Petition No. 20 of 2024. TNERC has stated that it would recalculate this deficit at the time of submission of final true-up Petition for the year 2022-23. The above facts needs to be disclosed in the Notes to Accounts	The Regulatory assets approved by TNERC will be disclosed in the FY 2024-25.
Failure to claim refund of TDS and TCS	
6.TANTRANSCO failed to claim, in the Returns of Income, refund of TDS and TCS aggregating to ₹41.53 crore during the years 2020-21 and 2021-22. As the time limit for filing of the revised/rectified Returns of Income for the above years expired, the above amounts become irrecoverable. The filing of faulty/incomplete Returns leading to the irrecoverable loss needs disclosure in the Notes to Accounts	All TDS amounts deducted have been duly reflected in TANTRANSCO's Form 26AS and are available for set-off/refund against tax liability. Refund claims have been filed within Statutory timelines and are under process by the Income-tax Department. Hence, there is no erosion of revenue or loss to the Corporation. TANTRANSCO has accounted the TDS deducted as recoverable under "Advances & Deposits" in its books of accounts. Therefore, the Corporation's financial position is duly safeguarded, and no impairment or write-off arises. TANTRANSCO has filed rectification application under section 154 for both the financial years 2020-21 and 2021-22.

To this extent of Rs.98.94 crores, loss for the year is understated.

16. Though the words "*we are unable to comment*" is used in the relevant para 3 to 14 above does not mean, we do not have any evidence on the said matters but to be understood as the available evidence is insufficient to form an opinion. However, based on the evidence available, we believe that the misstatement is both material and pervasive and should not be relied upon and hence expressed an adverse opinion.

Adverse opinion is expressed as per Para no.8 of SA-705, having obtained sufficient appropriate Audit evidence and concluded that misstatements, individually or in the aggregate, are both Material & Pervasive to the Financial Statements.

17. We conducted our Audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our Report. We are independent of the Company in accordance with the Code of Ethics issued by The Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our Audit of the Financial Statements under the provisions of the Act and the rules thereunder, and we have

fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the Audit evidence we have obtained is sufficient and appropriate to provide a basis for our Adverse opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

18. The Company's Board of Directors is responsible for the other information. Other information does not include the Financial Statements and our Auditor's Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of Assurance conclusion thereon.

In connection with our Audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the Audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this Auditor's Report, we conclude that there is a Material Misstatement of this other information, we are required to Report that fact. The Annual Report is not made available to us at the date of this Auditor's Report. We have nothing to Report in this regard.

Responsibility of Management and Those Charged with Governance for the Financial Statements

19. The accompanying standalone Financial Statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Financial Statements that give a True and Fair view of the Financial position, Financial Performance and Cash Flows of the Company in accordance with the Accounting Principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate Accounting records in accordance with the provisions of the Act for safeguarding of the Assets of the Company and for Preventing and Detecting Frauds and other irregularities; selection and application of appropriate Accounting Policies; making judgments and estimates that are reasonable and prudent; and Design, Implementation and maintenance of adequate Internal Financial Controls, that were operating effectively for ensuring the accuracy and completeness of the Accounting Records, relevant to the preparation and presentation of the Financial Statements that give a True and Fair view and are free from Material Misstatement, whether due to Fraud or Error.
20. In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a Going Concern, disclosing, as applicable, matters related to Going concern and using the Going Concern basis of Accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
21. The Board of Directors are also responsible for overseeing the company's Financial Reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

22. Our objectives are to obtain reasonable Assurance about whether the Financial Statements as a whole are free from Material Misstatement, whether due to Fraud or Error, and to issue an Auditor's Report that includes our opinion. Reasonable Assurance is a high level of assurance, but is not a Guarantee that an Audit conducted in accordance with Standards of Auditing (SAs) will always detect a Material Misstatement when it exists. Misstatements can arise from Fraud or Error and are considered material if, individually or in the Aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.
23. As part of an Audit in accordance with Standards of Auditing (SAs), we exercise Professional Judgment and maintain professional skepticism throughout the Audit. We also:
- Identify and assess the Risks of Material Misstatement of the Financial Statements, whether due to Fraud or Error, Design and Perform Audit Procedures responsive to those risks, and obtain Audit Evidence that is sufficient and appropriate to provide a basis for our opinion. The Risk of not detecting a Material Misstatement resulting from Fraud is higher than for one resulting from Error, as Fraud may involve collusion, Forgery, Intentional omissions, Misrepresentations, or the override of Internal control;
 - Obtain an understanding of Internal control relevant to the Audit in order to design Audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate Internal Financial Controls system in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of Accounting Policies used and the reasonableness of Accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of management's use of the Going Concern basis of Accounting and, based on the Audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a Going Concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the Audit evidence obtained up to the date of our Auditor's Report. However, Future events or conditions may cause the Company to cease to continue as a Going Concern; and
 - Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Materiality is the magnitude of misstatement in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider

Branches at: Chennai, Trichy, Gudiyatham, Sivakasi and Tiruppur

Quantitative materiality and qualitative factors in (i) planning the scope of our Audit Work and in evaluating the Results of our work; and (ii) to evaluate the effect of any identified misstatement in the Financial Statements.

24. We communicate with those charged with Governance regarding, among other matters, the planned scope and timing of the Audit and significant Audit findings, including any significant deficiencies in Internal control that we identify during our Audit.
25. We also provide those charged with Governance with a statement that we have complied with relevant ethical requirements regarding Independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

26. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure A** statement on the matters specified in paragraphs 3 and 4 of the Order.
27. Further to our comments in Annexure A, as required by section 143(3) of the Act, based on our Audit, we Report, to the extent applicable, that:
- a) we have sought and except for the matters described in the Basis for Adverse Opinion section, obtained all the Information and Explanations which to the Best of our knowledge and belief were necessary for the purpose of our Audit of the accompanying Financial Statements;
 - b) except for the effects/possible effects of the matters described in the Basis for Adverse Opinion section, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) except for the effects of the matters described in the Basis for Adverse Opinion section, in our opinion, the aforesaid standalone Financial Statements comply with the Indian Accounting Standards prescribed under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014 (as amended)
 - d) the Financial Statements dealt with by this Report are in agreement with the Books of Accounts;
 - e) the matters described in paragraph 3 to 17 under the Basis for Adverse Opinion paragraph, in our opinion, may have an adverse effect on the functioning of the Company;
- the provisions of section 164 (2) of the Companies Act, 2013, on the Disqualification of the Directors are not applicable to the company as per paragraph serial No. 19

Chennai, Trichy, Gudiyatham, Sivakasi and Tiruppur

chapter 11 notification no. G.S.R 463 (E) dated 5th June 2015 of the Department of Company Affairs, Government of India.

- g) With respect to the adequacy of the Internal Financial Controls over Financial Reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- h) The Qualification relating to the maintenance of Accounts and other matters connected therewith are as stated in the Basis for Adverse Opinion section;
- i) We have also Audited the Internal Financial Controls with reference to Financial statements of the Company as on 31 March 2024 in conjunction with our Audit of the Financial Statements of the Company for the year ended on that date and our Report as per **Annexure B** expressed **Qualified opinion**; and
- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the Best of our information and according to the explanations given to us:
 - i. Except for the effects of the matters described in paragraph 3-17 of the Basis for Adverse Opinion section and the below mentioned Legal cases, the Financial Statements disclose the impact of pending litigations on the financial position of the Company as at 31 March 2024. As Informed by the management the following is the legal case
 - a) DFR No – 386/2021
 - b) GST & Income Tax cases as per Note 47.
 - ii. The company did not have any Long-term contracts including Derivative Contracts for which there were any material foreseeable Losses.
 - iii. There were no Amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2024.
 - iv. (a) The management has represented that, to the Best of its knowledge and belief, as disclosed in the Note 50 to the Financial Statement, No funds have been Advanced or Loaned or Invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company, or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
(b) The management has represented, that, to the Best of it's knowledge and belief, as disclosed in the Note 50 to the Financial Statement, No funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, directly or indirectly, Lend or Invest in other

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls over Financial Reporting under clause (i) of Sub-section 3 of the Section 143 of the Companies Act, 2013 ("the Act") (Referred to paragraph 27(i) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

1. We have audited the Internal Financial Controls over Financial Reporting of **TAMIL NADU TRANSMISSION CORPORATION LIMITED** ("the Company") as of March 31st 2024 in conjunction with our Audit of the Financial Statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

2. The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its Business, including adherence to Company's policies, the safeguarding of its Assets, the prevention and detection of Frauds and Errors, the Accuracy and completeness of the Accounting records and the timely preparation of Reliable Financial information as required under the Companies Act, 2013.

Auditor's Responsibility:

3. Our Responsibility is to express an opinion on the company's Internal Financial Controls over Financial Reporting based on our Audit. We conducted our Audit in accordance with the Guidance Note on Audit of Internal Financial Control over Financial Reporting (the "Guidance Note") issued by The Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Sec 143(10) of the Companies Act, 2013 to the extent applicable to an audit of Internal Financial Controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the Audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated efficiently in all material aspects.
4. Our Audit involves procedures to obtain Audit evidence about adequacy of the Internal Financial Controls systems over Financial Reporting and their operating effectiveness. Our Audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of Internal Control based on the assessed risk. The procedures selected depend on the Auditor's judgment including the assessment of the risks of Material Misstatement of the Financial Statements, whether due to Fraud or Error.

Chennai, Trichy, Gudiyatham, Sivakasi and Tiruppur

5. We believe that the Audit evidence we have obtained is sufficient and appropriate to provide a basis for our Audit opinion on the Company's Internal Financial Controls over Financial Reporting.

Meaning of Internal Financial Controls over Financial Reporting:

6. A company's Internal Financial Controls over Financial Reporting is a process designed to provide a reasonable assurance regarding the reliability of Financial Reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted Accounting Principles. A company's Internal Financial Controls over Financial Reporting includes those policies and procedures that (1) Pertain to the Maintenance of Record that, in reasonable detail, Accurately and Fairly reflect the transactions and Dispositions of the Assets of the company; (2) Provide Reasonable Assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted Accounting Principles, and that Receipts and Expenditures of the company are being made only in accordance with the Authorization of Management and Directors of the company; and (3) Provide Reasonable Assurance regarding prevention or Timely Deduction of unauthorized Acquisition, use, or disposition of the company's Assets that could have a Material effect on the Financial Statements.

Inherent limitations of Internal Financial Controls over Financial Reporting:

7. Because of the Inherent Limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or Improper Management override of controls, Material Mismanagements due to Error or Fraud may occur and not be deducted. Also, projections of any evaluation of the Internal Financial Controls over Financial Reporting to future periods are subject to the risk that the Internal Financial Controls over Financial Reporting may become Inadequate because of changes in conditions, or that the Degree of compliance with the policies and procedures may deteriorate.

Basis for Qualified Opinion:

8. According to the information and explanations given to us and based on our Audit, the following Material Weaknesses have been identified as at 31 March 2024:
- The Company's Internal Financial Controls over Financial Reporting by those charged with Governance may be strengthened with proper supervision.
 - The Company does not have an Internal Audit System commensurate with the nature and size of its operations.
 - The Company's Internal Control System with regard to its Capital Work in progress and Property, Plant and equipment is deficient in areas of capitalization, physical verification and consequent impairment.
 - Lack of Integrated process between various functions such as Revenue Invoicing, payroll processing and material accounting for which material internal controls weaknesses were identified.

Chennai, Trichy, Gudiyatham, Sivakasi and Tiruppur

- e. Refer Note 4 and 5 in our Basis of Adverse opinion Section under Main report supra, where timely Inter-Company and Inter-Unit reconciliation process is not made.
- f. Attention is drawn to Note 20 & Note 43 to Financial Statements, No amount is disclosed as dues pending to Micro, Small & Medium Enterprises ("MSME") due to the fact that the company does not have proper mechanism and system updation in place to capture the required information.

A 'Material Weakness' is a deficiency, or a combination of deficiencies, in Internal Financial control over Financial Reporting, such that there is a reasonable possibility that a Material misstatement of the company's Annual or Interim Financial Statements will not be prevented or detected on a timely basis.

In our opinion, because of the effects of the Material weaknesses described above on the achievement of the objectives of the control criteria, the Company did not have adequate Internal Financial Controls over Financial Reporting and such Internal Financial Controls over Financial Reporting were not operating effectively as at 31st March 2024, based on Internal Control over Financial Reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note issued by The Institute of Chartered Accountants of India.

- 9. We have considered the material weaknesses identified and Reported above in determining the nature, timing, and extent of Audit Tests applied in our Audit of the Financial Statements of the Company as at and for the year ended 31st March 2024, and these material weaknesses have also affected our opinion on the Financial Statements of the Company and hence, we have issued a **Qualified opinion**.

**FOLLOWING REMARKS ARE OFFERED ON THE OBSERVATION/COMMENTS OF
THE STATUTORY AUDITOR ON THE ACCOUNTS FOR 2023-24**

S.No.	OBSERVATION OF STATUTORY AUDITOR	MANAGEMENT REPLY
	BASIS FOR ADVERSE OPINION:	
3	Attention is drawn to Note 4(a) of the Financial Statements, wherein the company is in the process of a Detailed Review of its Capital Work in progress Balances as on 31.3.2024; Assets capitalised substantially during Financial Year 2023-24 aggregating to Rs.7365.29 crores is observed to include sizeable value of assets commissioned during or before Financial Year 2022-23 as well, which might have a significant impact on revenue, had Depreciation been retrospectively charged from date(s) of commissioning of the respective Assets; pending completion of the same, we are unable to Assess the appropriateness of Depreciation charged for the year and Capital Work In progress as at the year ended 31st March 2024.	The company is in the process of reconciling of Capital work in progress balances. Further, even though few assets were commissioned in the previous year, due to pending works pertaining to the assets were completed only during the FY 2023-24, the project was capitalised in FY 2023-24 in complete shape. However, detailed guidelines has been issued during the FY 2023-24, to capitalise the assets as and when they are commissioned and put into beneficial use.
4	Attention is drawn to Note 21 of the Financial Statements wherein the company has completed the process of Reconciling its Book Balance with its Fellow Subsidiary Company, Tamil Nadu Generation and Distribution Corporation (TANGEDCO) and a Difference of Rs. 453.46 crores payable is pending for further Reconciliation. In the absence of sufficient appropriate evidence, we are unable to comment on the impact in the balances and corresponding impact in the loss for the year. Attention is drawn to Note 7 of the Financial Statements wherein the company has completed the process of Identification/Reconciliation of its Book Balance with its Fellow Subsidiary Company TANGEDCO and a difference of Rs.95.58 crores receivable. In the absence of sufficient appropriate evidence, we are unable to comment on the impact in the Balances and corresponding impact in the Loss for the year.	TANTRANSCO has brought all the transaction entries in its books of accounts. The reconciliation between the companies have been undertaken. For the balance unreconciled portion, the reconciliation with the fellow-subsidiary company, TANGEDCO Ltd. is under progress.
5	Attention is drawn to Note 11 of the Financial Statements under Other Current Assets which includes unreconciled Inter Unit Balance of Rs.152.06 crores. We are unable to ascertain any possible impact on Revenue and if so, to that extent it may affect / impact the statement of loss or loss.	Inter-unit balances' reconciliation has been undertaken and the unreconciled balances' value has been narrowed down from Rs.392.40 crs. during FY 2022-23 to Rs.152.06 crs. during FY 2023-24. Further reconciliation is under progress.
6	Attention is drawn to notes to the Financial Statements mentioned hereunder, wherein complete disclosures as required by the respective Ind AS has not been complied by the Company. In the absence of sufficient appropriate evidence, we are unable to comment on the compliance with respective Ind AS. Note reference and Ind AS reference: Note 40- Ind AS 24-Related Party Disclosures - Post Employment of Key Managerial Persons is not disclosed Note 36- Ind AS 107- Financial Instruments: Disclosures-Maturity of financial liabilities vide Note 36B is not disclosed. Note 18- Ind AS 20- Accounting for Government Grants and Disclosure of Government Assistance	The detailed disclosure has been provided under Note 40. However, the disclosure in complete shape disclosing the Post Employment of Key Managerial Person will be arranged to be made available in the FY 2024-25. The same will be arranged to be disclosed in the future years. The company is in the process of collating details of Assets commissioned, assets under construction and date of commissioning etc., The same will be disclosed appropriately upon completion.
7	Revenue from operations for Financial Year 2023-24 is Rs.5890.95 crores, but as per GSTR-3B return it is Rs.5029.28 crores. Gross revenue of Rs.862.67 crores is understated in GST Returns. Contingent liability for GST payable @18% on the Taxable portion not provided for. Pending completion of the said process, we are unable to assess the impact on the Company's Loss for the year ended 31st March 2024 and the corresponding impact on Statutory liabilities as at 31st March 2024.	The GSTR 9C return can be filed only after reconciling with the Annual Accounts for the FY 2023-24. The GST liability on taxable heads has already been paid based on the returns received from the circle and the difference in the income between financial statements and GSTR3B will mainly comprise of the income which is not subject to GST or exempt from GST.
8. a)	Attention is drawn to Note 7 of the Financial Statements, wherein party-wise break up and confirmation of Balances of Trade Receivables are not produced for verification. We are unable to assess the provisioning requirements if any and its impact on the Financial Statement	In the Trade receivables the major portion is the transmission charges pertaining to TANGEDCO and confirmation of balances were produced from TANGEDCO.
8. b)	Attention is drawn to Note 20 of the Financial Statements, wherein confirmation of party-wise Balances in respect of Trade Payables is not produced for verification.	FY 2021-22 being the first year of ERP migration, ERP has been implemented in phased manner. Hence, the transactions were brought in accounts through process and by posting journal entries and the opening balances are carried forward as legacy. The Confirmation of party-wise balance in respect of trade payables will be arranged to be made available in future years.
9	Attention is drawn to Note 10 of the Financial Statements, project-wise reconciliation/outstanding statement for Deferred revenue on consumer contribution (DCW) is not available for verification. In the absence of sufficient appropriate evidence, we are unable to comment on the Impact in the Balances and corresponding impact in the loss for the year.	The company has migrated into ERP in phases during the FY 2021-22, the project wise details in respect of deferred revenue on consumer contribution will be configured in ERP, through process in the future.
10	Attention is drawn to Note 15 of the Financial Statements, wherein the ageing details of Earnest Money Deposits, Security Deposits and Retention money are not produced for verification. In the absence of sufficient appropriate evidence, we are unable to comment on the Impact in the balances and corresponding impact in the loss for the year.	The company has migrated into ERP in phased from the FY 2021-22, details in respect of ageing details of EMD, SD and Retention money will be captured in ERP and a report will be developed in ERP, in order to extract the ageing details.

**FOLLOWING REMARKS ARE OFFERED ON THE OBSERVATION/COMMENTS OF
THE STATUTORY AUDITOR ON THE ACCOUNTS FOR 2023-24**

S.No.	OBSERVATION OF STATUTORY AUDITOR	MANAGEMENT REPLY
11	There are un-reconciled opening balances aggregating to Rs.75.24 crores (Credit balance) are included in various items of Assets and liabilities. In the absence of sufficient appropriate evidence, we are unable to comment on the impact in the Balances and corresponding impact in the Loss for the year.	Action is being taken to reconcile the long pending, un-reconciled legacy balances lying in the books of Accounts since inception.
12	In Note 47A of the Financial Statements, the Company has stated that the title deeds of Land are held in the name of TANGEDCO, TANTRANSCO and TNEB Limited. The company is in the process of collating the entity wise details relating to title deeds of property. We are unable to comment on the entity-wise ownership details along with extent of such Lands owned by TANTRANSCO.	The title deeds of Land are held in the name of TANGEDCO, TANTRANSCO and TNEB Limited. The company is in the process of collating the entity wise details relating to title deeds of property.
13	Attention is drawn to Notes 16 and 22 of the Financial Statements, wherein Provision for Employee Benefits payable based on 18.19% proportionate share of Actuarial valuation is supposed to be Rs.9009.79 crores (non-current) and 974.99 crores (current) as on 31.03.2024 but the liability as per Books of Accounts is observed to be Rs.8083.13 crores (non-current) and Rs.681.90 (current) with an unexplained difference of Rs.926.66 crores (non-current) and Rs.293.09 crores (current) respectively.	In the business re-organization of TNEB, all the employees of TNEB were transferred to TANGEDCO and subsequently some employees were deputed to TANTRANSCO (All employees belong to TANGEDCO until finalisation of Employee Transfer Scheme). While finalizing the Annual Accounts for the FY 2020-21 and FY 2021-22, Board of TANTRANSCO has approved the liability booked in the FY 2020-21 and FY 2021-22, based on the Actuarial Report available at the time of finalizing the TANTRANSCO Annual Accounts. Subsequently, based on the final Actuarial Report, the balance Actuarial liability has been booked in the Annual Accounts of TANGEDCO, due to time difference in closure of Accounts of the companies. Based on the final actuarial valuation report for FY 2022-23, the Actuarial liability has been booked in the respective books of TANGEDCO and TANTRANSCO books. However, the overall Actuarial liability is brought into accounts as per the Final Actuarial Report for all the previous financial years. Accordingly, closing Actuarial liability balance of TANTRANSCO portion is carried forward in the books of Accounts. The change in accounting policy on the allocation of Actuarial valuation impact between TR and TG, from 1/7th (i.e. 14%) to 18%, based on the employee cost effected during 2023-24. Accordingly, the current year impact on the actuarial valuation liability has been allocated among the companies in the revised ratio. The actuarial valuation liability is getting altered year on year basis, due to the change in the assumptions adopted such as discounting factor, mortality rate etc., The variations pointed out by the Auditor will be taken care in the subsequent assessment of actuarial valuation liability.
14	Attention is drawn to Note 25 of the Financial Statements, wherein Government Order copy not obtained as on 31.3.2023 from Government of Tamil Nadu in respect of Disbursements from Asian Development Bank aggregating to Rs.51.97 crores was inadvertently accounted as Foreign exchange loss during Financial Year 2022-23. The said amount when later received and Accounted during Financial Year 2023-24 is again accounted as liability under ADB Loan. To make good the amount accounted twice under ADB loan, the said amount is reversed by debit to ADB Loan with wrong credit to Foreign exchange gain during Current Financial Year 2023-24. To this extent of Rs.51.97 crores, Foreign exchange loss is overbooked by Rs.51.97 crores during Financial Year 2022-23 with its resultant effect on Loss; and Foreign Exchange Gain is overbooked by Rs.51.97 crores during Financial Year 2023-24 with its resultant effect on Loss.	On receipt of G.O. from GoTN, the balances are shown as receivable in the books of Accounts. G.O. for reimbursement amount of Rs.51.97 cr. relating to FY 2022-23 was received from GoTN during 2023-24 only. Since G.O. itself was not received during FY 2022-23, the amount was not shown as receivable from GoTN in FY 2022-23. Both G.O. and amount was received in the FY 2023-24 only. Had G.O. been issued during the FY 2022-23 itself and brought into accounts in FY 2022-23, the same would have impacted the Forex loss/gain. Also the accounting treatment followed will not impact the cumulative loan balance and the accumulated loss as on 31.3.2024.
15	Attention is drawn to Note 27 of the Financial Statements, wherein Interest expense is understated during the year by wrongly reversing Accrued interest as on 1.4.2023 of REC loan Rs.98.94 crores (Rs.99.94 crores booked as accrued interest for FY 2022-23 as against applicable accrued interest Rs.1.00 crore only). To this extent of Rs.98.94 crores, loss for the year is understated.	In FY 2022-23, accrued interest booked for Rs.134.04 cr instead of Rs.35.10 cr for the FY 2022-23. The same was reversed during the FY 2023-24.
16	Though the words "we are unable to comment" is used in the relevant para 3 to 11 above does not mean, we do not have any evidence on the said matters but to be understood as the available evidence is insufficient to form an opinion. However, based on the evidence available, we believe that the misstatement is both material and pervasive and should not be relied upon and hence expressed an adverse opinion. Adverse opinion is expressed as per Para no.8 of SA-705, having obtained sufficient appropriate Audit evidence and concluded that misstatements, individually or in the aggregate, are both Material & Pervasive to the Financial Statements.	
17	We conducted our Audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our Report. We are independent of the Company in accordance with the Code of Ethics issued by The Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our Audit of the Financial Statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the Audit evidence we have obtained is sufficient and appropriate to provide a basis for our Adverse opinion.

Information Other than the Financial Statements and Auditor's Report Thereon		
18	The Company's Board of Directors is responsible for the other information. Other information does not include the Financial Statements and our Auditor's Report thereon. Our opinion on the Financial Statements does not cover the other information and we do not express any form of Assurance conclusion thereon. In connection with our Audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the Audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this Auditor's Report, we conclude that there is a Material Misstatement of this other information, we are required to Report that fact. The Annual Report is not made available to us at the date of this Auditor's Report. We have nothing to Report in this regard.	Factual
Responsibility of Management and Those Charged with Governance for the Financial Statements		
19	The accompanying standalone Financial Statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Financial Statements that give a True and Fair view of the Financial position, Financial Performance and Cash Flows of the Company in accordance with the Accounting Principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate Accounting records in accordance with the provisions of the Act for safeguarding of the Assets of the Company and for Preventing and Detecting Frauds and other Irregularities; selection and application of appropriate Accounting Policies; making judgments and estimates that are reasonable and prudent; and Design, Implementation and maintenance of adequate Internal Financial Controls, that were operating effectively for ensuring the accuracy and completeness of the Accounting Records, relevant to the preparation and presentation of the Financial Statements that give a True and Fair view and are free from Material Misstatement, whether due to Fraud or Error.	Factual
20	In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a Going Concern, disclosing, as applicable, matters related to Going concern and using the Going Concern basis of Accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.	Factual
21	The Board of Directors are also responsible for overseeing the company's Financial Reporting Process.	Factual
Auditor's Responsibility for the Audit of the Financial Statements		
22	Our objectives are to obtain reasonable Assurance about whether the Financial Statements as a whole are free from Material Misstatement, whether due to Fraud or Error, and to issue an Auditor's Report that includes our opinion. Reasonable Assurance is a high level of assurance, but is not a Guarantee that an Audit conducted in accordance with Standards of Auditing (SAs) will always detect a Material Misstatement when it exists. Misstatements can arise from Fraud or Error and are considered material if, individually or in the Aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.	Factual
23	As part of an Audit in accordance with Standards of Auditing (SAs), we exercise Professional Judgment and maintain professional skepticism throughout the Audit. We also: a) Identify and assess the Risks of Material Misstatement of the Financial Statements, whether due to Fraud or Error, Design and Perform Audit Procedures responsive to those risks, and obtain Audit Evidence that is sufficient and appropriate to provide a basis for our opinion. The Risk of not detecting a Material Misstatement resulting from Fraud is higher than for one resulting from Error, as Fraud may involve collusion, Forgery, Intentional omissions, Misrepresentations, or the override of Internal control; b) Obtain an understanding of Internal control relevant to the Audit in order to design Audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate Internal Financial Controls system in place and the operating effectiveness of such controls; c) Evaluate the appropriateness of Accounting Policies used and the reasonableness of Accounting estimates and related disclosures made by management;	Factual

d)	Conclude on the appropriateness of management's use of the Going Concern basis of Accounting and, based on the Audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a Going Concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the Audit evidence obtained up to the date of our Auditor's Report. However, Future events or conditions may cause the Company to cease to continue as a Going Concern; and	Factual
e)	Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.	
f)	Materiality is the magnitude of misstatement in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider Quantitative materiality and qualitative factors in (i) planning the scope of our Audit Work and in evaluating the Results of our work; and (ii) to evaluate the effect of any identified misstatement in the Financial Statements.	
24	We communicate with those charged with Governance regarding, among other matters, the planned scope and timing of the Audit and significant Audit findings, including any significant deficiencies in Internal control that we identify during our Audit.	Factual
25	We also provide those charged with Governance with a statement that we have complied with relevant ethical requirements regarding Independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards. ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT		
Report on the Internal Financial Controls over Financial Reporting under clause (i) of Sub-section 3 of the Section 143 of the Companies Act, 2013 ("the Act")		
(Referred to paragraph 27(i) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)		
1	We have audited the Internal Financial Controls over Financial Reporting of TAMIL NADU TRANSMISSION CORPORATION LIMITED ("the Company") as of March 31st 2024 in conjunction with our Audit of the Financial Statements of the company for the year ended on that date.	
Management's Responsibility for Internal Financial Controls:		
2	The Company's Management is responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its Business, including adherence to Company's policies, the safeguarding of its Assets, the prevention and detection of Frauds and Errors, the Accuracy and completeness of the Accounting records and the timely preparation of Reliable Financial information as required under the Companies Act, 2013.	Factual
Auditor's Responsibility:		
3	Our responsibility is to express an opinion on the company's Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Control over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Sec 143(10) of the Companies Act, 2013 to the extent applicable to an audit of Internal Financial Controls. These standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated efficiently in all material aspects.	Factual
4	Our Audit involves procedures to obtain Audit evidence about adequacy of the Internal Financial Controls systems over Financial Reporting and their operating effectiveness. Our Audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of Internal Control based on the assessed risk. The procedures selected depend on the Auditor's judgment including the assessment of the risks of Material Misstatement of the Financial Statements, whether due to Fraud or Error.	Factual
5	We believe that the Audit evidence we have obtained is sufficient and appropriate to provide a basis for our Audit opinion on the Company's Internal Financial Controls over Financial Reporting.	Factual
Meaning of Internal Financial Controls over Financial Reporting:		
6	A company's Internal Financial Controls over Financial Reporting is a process designed to provide a reasonable assurance regarding the reliability of Financial Reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted Accounting Principles. A company's Internal Financial Controls over Financial Reporting includes those policies and procedures that (1) Pertain to the Maintenance of Record that, in reasonable detail, Accurately and Fairly reflect the transactions and Dispositions of the Assets of the company; (2) Provide Reasonable Assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted Accounting Principles, and that Receipts and Expenditures of the company are being made only in accordance with the Authorization of Management and Directors of the company; and (3) Provide Reasonable Assurance regarding prevention or Timely Detection of unauthorized Acquisition, use, or disposition of the company's Assets that could have a Material effect on the Financial Statements.	Factual
Inherent Limitations of Internal Financial Controls over Financial Reporting:		
7	Because of the Inherent Limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or Improper Management override of controls, Material Mismanagements due to Error or Fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls over Financial Reporting to future periods are subject to the risk that the Internal Financial Controls over Financial Reporting may become Inadequate because of changes in conditions, or that the Degree of compliance with the policies and procedures may deteriorate.

	Basis for Qualified Opinion:	
8	According to the information and explanations given to us and based on our Audit, the following Material Weaknesses have been identified as at 31 March 2024:	
a.	The Company's Internal Financial Controls over Financial Reporting by those charged with Governance may be strengthened with proper supervision.	The financial control framework have been well defined and documented. There are accounting and other manuals, proper delegation of power based on which the entire control framework including financial control frame work is regulated. The Company has implemented ERP, in phases, from FY 2021-22. In the course of settling the teething issues, the company is in the process of arranging to further strengthen its internal control for financial reporting.
b.	The Company does not have an Internal Audit System commensurate with the nature and size of its operations.	There is a full-fledged Internal Audit Department functioning under the control of Senior Deputy Chief Internal Audit Officer to conduct internal audit and to check other internal controls over the system. However, necessary action will be arranged to be initiated to comply with the provision stated in the Companies Act 2013.
c.	The Company's Internal Control System with regard to its Capital Work in progress and Property, Plant and equipment is deficient in areas of capitalization, physical verification and consequent impairment	There are well defined accounting manuals regarding capitalization of Property, Plant and Equipment etc. However steps are being taken to strengthening the same. In the FY 2020-21 Fixed Asset Register has been updated and now available. Further, with the implementation of ERP arrangement to strengthen the existing controls will be suitably taken.
d.	Lack of Integrated Process between various functions such as Revenue Invoicing, payroll processing and material accounting for which material internal controls weaknesses were identified.	Various process of ERP is being implemented in phases from FY 2021-22. and the integration between various functions are expected to be achieved.
e.	Refer Note 4 and 5 in our Basis of Adverse opinion Section under Main report supra, where timely Inter-Company and Inter-Unit reconciliation process is not made.	TANTRANSCO has brought all the transaction entries in its books of accounts. The reconciliation between the companies have been undertaken. For the balance unreconciled portion, the reconciliation with the fellow-subsidiary company, TANGEDCO Ltd is under progress. Inter-unit balances' reconciliation has been undertaken and the unreconciled balances' value has been narrowed down from Rs.392.40 crs. during FY 2022-23 to Rs.152.06 crs. during FY 2023-24. Further reconciliation is under progress.
f.	Attention is drawn to Note 20 & note 43 to Financial Statements, No amount is disclosed as dues pending to Micro, Small & Medium Enterprises ("MSME") due to the fact that the company does not have proper mechanism and system updation in place to capture the required information.	The list of MSME vendors are manually maintained. TANTRANSCO is in the process to update the vendor master data in ERP, with MSME status along with the period up to which they are valid, and development of ERP report on MSME vendors, with a view to comply with MSME Act and provisions.
8	A 'Material Weakness' is a deficiency, or a combination of deficiencies, in Internal Financial control over Financial Reporting, such that there is a reasonable possibility that a Material misstatement of the company's Annual or Interim Financial Statements will not be prevented or detected on a timely basis. In our opinion, because of the effects of the Material weaknesses described above on the achievement of the objectives of the control criteria, the Company did not have adequate Internal Financial Controls over Financial Reporting and such Internal Financial Controls over Financial Reporting were not operating effectively as at 31st March 2024, based on Internal Control over Financial Reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note issued by The Institute of Chartered Accountants of India.	The company has engaged M/s V.Narayanan & Co., Chartered Accountants vide letter dated 27.02.2024 to review the data migration activity and internal financial controls, post ERP implementation among others and report obtained dated 27.08.2024. The company is in the process of further strengthening the internal controls to ensure better financial reporting.
9	We have considered the material weaknesses identified and Reported above in determining the nature, timing, and extent of Audit Tests applied in our Audit of the Financial Statements of the Company as at and for the year ended 31st March 2024, and these material weaknesses have also affected our opinion on the Financial Statements of the Company and hence, we have issued a Qualified opinion.

Secretarial audit queries for the FY 2023-24

(1) The Company is a wholly owned subsidiary of TNEB Limited (TNEB), therefore, the Company is not required to appoint Independent Directors as per the provisions of Section 149 of the Companies Act, 2013 read with Rule 4 (2) of Companies (Appointment of Directors) rules, 2014. However, TNEB, the holding Company, has not appointed Independent Directors as required under the provisions of Section 149 of the Act.	Factual Appointed two Independent Directors in TNEB Ltd In the year 2022-23 itself and complied with the provisions of the Companies Act 2013.
(2) The Company has allotted 10,00,00,000 equity shares of Rs. 10 each on right basis on 30s March, 2024.	FACTUAL
(3) Not filed certain forms with the Registrar of Companies. Some of the defaults arising out of non-filing of the Forms are compoundable, some require the condonation of the Regional Director or the Central Government.	TANTRANSCO has filed all the forms, including Appointment, Cessation, directors and KMPs (DIR-12) Charge creations, the satisfaction of charges (CHG-1) Annual Filings (AOC4), Important resolutions passed in the Board Meeting and AGM etc (MGT 14)
(4) The Company has not constituted Nomination Remuneration Committee as required under section 178 of the Act.	Exempted for Government Companies. Moreover, all the KMPs' salaries were fixed based on the G.O., and the role of NRC may not be required. However, As per the Ministry of Corporate Affairs notification No.G.S.R. – 463(E) dated 5th June, 2015, the following sections [178(2), 178(3) & 178(4)] shall not apply to Government Company except for the , appointment of 'senior

Whereas if multiple projects for single loan, then interest will be capitalized at weighted average rate of interest.

During FY 2023-24 borrowing costs to the extent of Rs.698.34 Crs. have been Capitalized as IDC for allocating IDC. The methodology adopted is as under

- In respect of those projects, where single project is tied up with single loan and the project is also dealt at one GCC, the actual quantum of interest for year FY 2023-24 on the loan through which the project is funded is capitalized as IDC. The IDC is calculated proportionately upto the date of commissioning of the projects. IDC is commenced from the date of first loan disbursement
- In respect of other projects, where multiple projects are tied up with single loan and also involves various GCCs, the weighted average rate of interest that common loan funding various projects is calculated. Such weighted average interest rate is applied on the cumulative expenditure upto the date of commissioning and the interest proportionate upto the date of commissioning is accounted as IDC for the project.
- IDC is commenced from the date of first loan disbursement

35 Fair value hierarchy

The carrying amount of all financial assets and liabilities are considered to be same as their fair values, and hence no separate fair value hierarchy is presented.

36 Financial risk management

a Risk management framework

The Company's risk management activities are managed, directed and controlled by the Board of Directors of the Company. The Management ensures appropriate risk governance framework for the Company through appropriate policies and procedures and that risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

The Company's principal financial liabilities, comprises of borrowings and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents.

In the ordinary course of business, the Company is exposed to credit risk, liquidity risk and market risk.

Risk	Exposure arising from	Management Response
Credit risk	Trade receivable, cash and cash equivalents and other financial assets	The Company is the sole power transmission entity in the state of Tamil Nadu. Its services are provided predominantly to its group entity i.e., Tamil Nadu Generation and Distribution Corporation Limited (TANGEDCO). The Company has robust collection mechanism and hence do not foresee any risk on collections. The risk on receivables from TANGEDCO are considered to be nil as both the Company and TANGEDCO are owned by CoTN. Hence, the Company has not recognized any provision for Expected Credit Losses (ECL).
Liquidity Risk	Borrowings and other liabilities	The Company's board regularly monitors the liquidity position of the Company and takes proactive measures to ensure that the Company does not default on payment obligations. Further, the Company has credit lines with reputed financial institutions to mitigate any unplanned events.
Market risk - Interest rate risk	Interest rate risk on borrowings	The Company regularly monitors its borrowing arrangements with all its lenders to ensure that the Company gets funding at the prevailing market rates. The Company is taking measures to improve its credit rating and thereby bringing down its cost of borrowing.
Market risk - foreign currency risk	Financial liabilities denominated in foreign currency	The Company has only limited exposure to foreign currency currently and hence does not have any material risk on account of foreign exchange fluctuations.

Notes to the financial statements for the year ended 31 March 2024

A Credit risk

(in INR crores)

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) cash & cash equivalents and from its financing activities including loans and other financial instruments. Bank balances are held with reputed and creditworthy banking institutions.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	31 March 2024	31 March 2023
Financial assets for which loss allowance is measured using 12 months ECL		
Non-current financial assets		
(i) Other financial assets	6.90	6.90
Current financial assets		
(ii) Cash and cash equivalents	317.60	173.35
(iii) Other financial assets	188.02	117.91
	512.53	298.16
Financial assets for which loss allowance is measured using Life time ECL		
(i) Trade receivables	840.50	585.17
	840.50	585.17

Note: The Company has not acquired any credit impaired asset.

Provision for ECL

a) Financial assets for which loss allowance is measured using 12 month expected credit losses

The Company has assets where the counter-parties have sufficient capacity to meet the obligations and where the risk of default is very low. Accordingly, no loss allowance for impairment has been recognized.

b) Financial assets for which loss allowance is measured using life time expected credit losses

The Company has customers (including State government entities) with capacity to meet the obligations and therefore the risk of default, loss given default is negligible or nil.

B Liquidity risk

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at a reasonable price. The Company monitors the net liquidity position on the basis of expected cash flows vis-a-vis debt service fulfilment obligation. The Company has sufficient liquidity to meet its obligations. The Company manages liquidity risk by maintaining adequate banking facilities and borrowing facilities/limits. Since Transmission charges receivable from TANGEDCO (being a fellow subsidiary) is a major source of income for TANTRANSCO, the Company ensures that, it has sufficient liquidity to meet its expected operational expenses including servicing of financial obligations. A balance between continuity of funding and flexibility is maintained through the use of various types of borrowings.

Maturities of financial liabilities

The Company is in the process of collating the ageing analysis of financial liabilities required to be disclosed in its financials.

C Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk are comprised of three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include loans and borrowings.

The analysis exclude the impact of movements in market variables on the carrying values of post-retirement obligations and provisions.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk arising mainly from non-current borrowings with floating interest rates. The Company is exposed to interest rate risk because the cash flows associated with foreign currency floating rate borrowings will fluctuate with changes in interest rates. Refer above for the mitigating factors towards interest rate risk.

Currency risk

The Company is exposed to foreign currency risk on certain transactions that are denominated in a currency other than entity's functional currency, hence exposure to exchange rate fluctuation arises. The Company has availed foreign currency loan from foreign financial institutions and hence there is foreign currency risk involved to this extent. Refer above for the mitigating factors towards foreign currency risk.

The following table analyses foreign currency liabilities on balance sheet dates:

Foreign currency liabilities	31 March 2024		31 March 2023	
	Foreign currency (in crores)	In INR crores	Foreign currency (in crores)	In INR crores
In USD	27.41	2285.50	22.94	1886.56

39 Impact of COVID-19

India and other global markets experienced significant disruption in operations resulting from uncertainty caused by the worldwide coronavirus pandemic. Majority of Company's business includes transmission of power in the state of Tamil Nadu. Considering power transmission being an essential service, management believes that there is not much of an impact likely due to this pandemic on the business of the Company.

The Company has adopted measures to curb the spread of infection in order to protect the health of its employees and ensure business continuity with minimal disruption. The Company has also assessed the impact of this whole situation on its capital and financial resources, profitability, liquidity position, internal financial controls etc. and is of the view that based on its present assessment, this situation does not materially impact the operations.

The Company believes that the impact due to the outbreak of COVID-19 is likely to be short-term in nature and does not anticipate any medium to long-term risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due.

Impact assessment of COVID-19 is a continuing process considering the uncertainty involved thereon. The Company will continue to closely monitor any material changes to the future economic conditions.

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

1. Corporate information

Tamil Nadu Transmission Corporation Limited ("the Company or TANTRANSCO") is a Government of Tamil Nadu undertaking, domiciled in India and incorporated in June 2009 under the provisions of the Companies Act, 1956, and is headquartered in Chennai.

The Company is a subsidiary of TNEB Limited, a state government company. The Company has emerged out of the scheme known as Tamil Nadu Electricity (Reorganization and Reforms) Transfer Scheme notified by the Government of Tamil Nadu and is engaged in the business of transmission of power in the state of Tamil Nadu. The Company has its registered office in NPKRR Maaligai (TNEB Office), 144, Anna Salai, Chennai 600 002.

2. Basis of preparation

a. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and the provisions of the Electricity Act, 2003 to the extent applicable.

These financial statements were approved for issue by the Board of Directors on 30.12.2024.

b. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest crore (up to two decimals), unless otherwise stated.

c. Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

d. Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 3(a) - direct overheads attributable to property, plant, and equipment;
- Note 3(h) - leases: whether an arrangement contains a lease;
- Note 3(h) - lease classification.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the following notes:

- Note 3(a) - useful lives of property, plant and equipment;
- Note 3(c) - determination of Effective Interest Rate ("EIR");
- Note 3(c) and Note 3(d) - impairment of financial and non-financial assets;
- Note 3(c) - estimation of expected credit losses (i.e., the present value of all cash shortfalls) over the expected life of the financial instrument;
- Note 3(e) - recognition and measurement of provisions and contingencies; key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 3(f) - measurement of defined benefit obligations; key actuarial assumptions;
- Note 3(l) - estimations used for determination of tax expenses and tax balances;
- Note 3(l) - recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used.

e. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (Unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

f. Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (12 months) and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1, Presentation of Financial Statements.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realized within twelve months after the reporting date; or
- d) it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve months after the reporting date;
or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets and liabilities include the current portion of non-current assets and liabilities respectively. All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are always disclosed as non-current.

3. Significant accounting policies

a. Property, plant, and equipment

i. Initial recognition and measurement

The property, plant & equipment has been taken at the transfer price in respect of the assets transferred by the State Government vide G.O. Notification No. 49 with effect from 13 August 2015.

Items of property, plant and equipment are measured at cost, less accumulated depreciation, and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use, capitalised borrowing costs and estimated costs of dismantling and removing the item and restoring the site on which it is located.

In case of the General Construction Circles ("GCCs") constructed assets, the entire cost of GCC (such as their staff expenses, administrative expenses, etc) gets allocated to the asset constructed in proportion to the total cost of assets constructed during the year. In the case of assets constructed by the operating circles, the Company identifies the actual direct overheads incurred to bring the assets to its intended use including labour and allocates the same to the cost of asset constructed.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant, and equipment. Items of spare parts, stand-by equipment and servicing equipment which meet the definition of property, plant and equipment are capitalized. Consumable spare parts are carried as inventory and recognized in the Statement of Profit and Loss on consumption.

On transition to Ind AS in FY 2020-21, the company has elected to fair value the major class of assets which includes land rights, buildings, civil works, plant and machinery and lines and cables existing as on the date of transition (1April 2019) and consider it as the deemed cost of such PPE in accordance with Ind AS 101. For other asset categories which includes hydraulic works, furniture & fittings, office equipment and vehicles that were not fair valued has been taken at their Ind AS value as on 1 April 2019.

ii. Subsequent costs

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the Statement of Profit and Loss as and when incurred.

iii. Depreciation

Depreciation is recognized in Statement of Profit and Loss on a straight-line basis over the estimated useful life of each part of an item of PPE. Depreciation is calculated from the date of capitalization or procurement of the asset as determined by the Company's technical team. Assets costing individually INR 500 or less are depreciated fully in the year of purchase. In respect of leasehold improvements, depreciation is charged every year on such amount as is required to write off entire cost of leasehold improvements, on a straight-line method, for the estimated useful life of the asset; or over the period of the lease whichever is earlier.

The useful lives have been determined based on technical evaluation done by the management expert's thus, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets. The Company depreciates assets up to 90% of the cost of the asset and 10% is retained as the residual value.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

Assets fair valued as on 1 April 2019 have been depreciated over the remaining useful life of the assets as provided by the Company's technical team. With respect to the assets put into use subsequent to the transition date, the useful life is arrived based on the depreciation rates prescribed in Regulation 24 of Tamil Nadu Electricity Regulation Commission's (Terms and Conditions of Determination of Tariff) Tariff Regulations 2005 as amended vide Gazette No.14 notification dated 09.04.2014.

iv. De-recognition

Property, plant, and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset as at the date of de-recognition and is recognized in the Statement of Profit and Loss.

v. Capital work-in-progress

Property, plant, and equipment under construction, advance paid towards acquisition, cost incurred for assets that are not ready for their intended use as on the reporting date and cost of asset not put to use before the year end, are disclosed as capital work-in-progress.

The cost of self-constructed assets includes the cost of materials & direct labour, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management and the borrowing costs attributable to the acquisition or construction of qualifying asset.

In case of assets constructed by the GCCs, the entire cost of GCC (such as their staff expenses, administrative expenses, etc) gets allocated to the assets under construction in proportion to the total cost of assets under construction during the year. In the case of assets under construction by the operating circles, the Company identifies the actual direct overheads incurred to bring the assets to its intended use including labour and allocates the same to the cost of asset constructed.

Depreciation is not provided on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

vi. Preliminary project identification and feasibility study costs

Preliminary project development expenditure includes expenditure on feasibility and other studies, development expenditure, expenditure on exploration works, technical knowhow etc. These costs are capitalized only when an asset is acquired, and it is directly attributable to that asset. Preliminary expenses on account of new projects incurred prior to approval of feasibility report/ techno economic clearance are charged to Statement of Profit and Loss. If the projects are abandoned with reference to Government orders or otherwise, such expenditure are charged to the Statement of Profit and Loss in the respective years.

b. Investment Property

Investment property is a property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in production or supply of goods or services or for administrative purposes. Upon initial recognition, investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

When the use of a property changed from owner-occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

Any gain or loss on disposal of an investment property is recognized in the statement of profit and loss.

Rental income from investment property is recognized as other income on a straight-line basis over the term of the lease.

The fair value of the investment is disclosed in the notes. Fair value is determined by an independent valuer who holds a recognized and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

c. Intangible Assets

i. Initial Recognition and measurement

Intangible assets that are acquired by the Company, which have finite useful lives, are initially recognized at cost. Subsequently, such assets are measured at cost less accumulated amortization and any accumulated impairment losses. Cost includes any directly attributable expenses of preparing the asset for its intended use. Expenditure on development activities is capitalized only if the expenditure can be measured reliably,

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset.

Expenditure incurred which are eligible for capitalization under intangible assets are carried as intangible assets under development till they are ready for their intended use.

The ERP software is jointly maintained and used by TANGEDCO and TANTRANSCO. Amount incurred for procurement and installation have been apportioned between TANGEDCO and TANTRANSCO at 79.64% and 20.36% respectively (which is based on the number of users).

Right of ways with indefinite useful lives are not amortised but are subject to impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

ii. Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it related. All other expenditure is recognized in profit or loss as incurred.

Any subsequent expenditure relating to ERP software will be apportioned between TANGEDCO and TANTRANSCO based on the number of users.

iii. Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using straight-line method and is included in depreciation and amortization in Statement of Profit and Loss.

Amortization method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

iv. Impairment

An impairment loss is recognized in the statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

v. Derecognition

An intangible asset is de-recognised on disposal or when no future economic benefits are expected from use or disposal. Any gain or loss arising from derecognition of an intangible asset is determined as the difference between the net disposal proceeds and the carrying amount of the asset as at the date of de-recognition and is recognized in the Statement of Profit and Loss.

A summary of amortisation policies applied to the Company's Intangible Assets is as follows:

Type of Assets	Estimated useful life	Amortization method
ERP Software	Over a period of 6 years	Straight line method
Right of Way	Indefinite	NA

d. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognizes a financial asset or a financial liability only when it becomes party to the contractual provisions of the instrument.

i. Financial assets

Initial recognition and measurement

All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition of financial assets, which are not valued at fair value through profit or loss, are added to the fair value on initial recognition.

Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, in which case they are recognised at fair value. The Company's trade receivables do not contain any significant financing component and hence are measured at the transaction price measured under Ind AS 115, *Revenue from contracts with customers*.

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

Subsequent measurement

For purpose of subsequent measurement, financial assets are classified into:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through profit or loss (FVTPL); and
- Financial assets measured at fair value through other comprehensive income (FVOCI).

The Company classifies its financial assets in the above-mentioned categories based on:

- The Company's business model for managing the financial assets, and
- The contractual cash flows characteristics of the financial asset.

A financial asset is measured at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.

Amortised cost of a financial asset means the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest rate method ("EIR").

Financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- The financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and
- The asset's contractual cash flows represent SPPI.

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Company's balance sheet) when:

The rights to receive cash flows from the asset have expired; or

Both (1) the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and (2) either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

The difference between the carrying amount and the amount of consideration received/receivable is recognized in the Statement of Profit and Loss.

Impairment of trade receivables and other financial assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on trade receivables or any contractual right to receive cash or another financial asset.

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

For this purpose, the Company follows a 'simplified approach' for recognition of impairment loss allowance on the trade receivable balances. The application of this simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ii. Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or at amortized cost.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including cash credit.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the Statement of Profit and Loss.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

Similarly, interest bearing borrowings are subsequently measured at amortised cost using EIR.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognised in other comprehensive income ("OCI"). These gains/ losses are not subsequently transferred to the Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit and Loss. The Company has not designated any financial liability as fair value through profit and loss.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

The Company has not designated any financial liability at FVTPL.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

e. Impairment

i. Impairment of financial assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on trade receivables or any contractual right to receive cash or another financial asset.

For this purpose, the Company follows a 'simplified approach' for recognition of impairment loss allowance on the trade receivable balances. The application of this simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ii. Impairment of non-financial assets

The Company's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Recoverable amount of an asset is the higher of its value in use and its fair value less cost to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. When it is not possible to determine the recoverable amount of an individual asset, then the Company estimates the recoverable amount of the cash generating unit ("CGU") to which the asset belongs. The Company's corporate assets to the extent possible are allocated to the CGUs it belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment loss recognised in respect of a CGU is allocated to the carrying amounts of the assets of the CGU (or group of CGUs) on a pro rata basis. Impairment losses are recognised in the Statement of Profit and Loss.

The Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

f. Provision, contingent liabilities, and contingent assets

A provision (other than for employee benefits) is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

g. Employee benefits

In terms of the Tamil Nadu Electricity (Re-organization and Reforms) Transfer Scheme, 2010, all the employees of TNEB were transferred to TANGEDCO and subsequently some employees were deputed to the Company's fellow subsidiary i.e., Tamil Nadu Transmission Corporation Limited ("TANTRANSCO").

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

Till FY22-23, the management recognised around 1/7th and 6/7th (representing 14% & 86% resp.) of the long-term and post-employment benefit cost arrived based on available actuarial valuation report as its share of long-term employment and post-employment benefits between TANTRANSCO and TANGEDCO respectively.

During FY 23-24, the Company revisited the estimates made on apportionment of employee cost between TANTRANSCO and TANGEDCO to ensure that the revised ratio best represents the actual cost of employee benefits incurred during the year, between the entities.

Based on the above, from FY 23-24, the management has decided to apportion the incremental movement in the value of the employee benefit cost arrived based on the available actuarial valuation report, which includes employee cost incurred (TANGEDCO @ 81.81% & TANTRANSCO @ 18.19%) and the amount of benefits paid during the year, between TANTRANSCO and TANGEDCO in the ratio of 18% and 82% respectively.

The amount of effect in future periods are impracticable to estimate since it is dependent on actuarial valuation reports for respective future periods.

The effect of the above change in apportionment ratio on the Statement of Profit and Loss of TANTRANSCO is below:

(in INR crores)

Particulars	Increase/(Decrease) in employee benefit cost				Total
	Gratuity	Pension	Leave on private affairs	Earned leave	
Employee benefit expenses (P/L)	-14.44	262.79	7.91	34.69	290.94
Other Comprehensive income (OCI)	-3.63	-136.78	-	-	-140.41
Total impact	(18.07)	126.00			150.53

i. Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts.

The Company runs contributory pension scheme in which the Company deducts 10 percent of the employees' salary and contribute an equal amount into a separate account. The contributions to such contributory pension scheme are recognized as an expense and charged to the Statement of Profit and Loss.

iii. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's liability towards staff pension fund, gratuity, family security fund scheme, TNEB special provident fund cum gratuity scheme are in the nature of defined benefit plans.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods discounting that amount.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost'

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

iv. Other long-term employee benefits

Benefits under the Company's earned and unearned leave encashment scheme constitute other long-term employee benefits. The Company's net obligation in respect of these long-term employee benefits is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The actuarial calculation is performed annually by a qualified actuary using the projected unit credit method. Any actuarial gains or losses are recognized in Statement of Profit and Loss account in the period in which they arise.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

v. Employee benefit schemes in the nature of liability

The Company has several employee benefits schemes such as general provident fund scheme and TNEB employees special provident fund cum gratuity scheme (2000), wherein it receives a fixed amount as contribution from the employees and accrues interest on the same. The corpus (principal and accumulated interest) is paid at the time of retirement or at the time of employee leaving the Company whichever is earlier. Under Ind AS 109, these are classified as financial liabilities.

h. Revenue

Company's revenue arises from transmission and scheduling and system operating charges collected at the tariff notified by Tamil Nadu Regulatory Commission ("TNERC") from time to time. Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Tamil Nadu Transmission Corporation Limited

Notes to the financial statements for the year ended 31 March 2024

Revenue from other operational income and other income comprises of estimate and reconnection charges, meter rent, testing and application fees, interest income on bank deposits and staff loan, sale of scrap and other miscellaneous income, etc.

The specific recognition criteria described below must also be met before revenue is recognised:

i. Transmission charges

The Company collects transmission charges from the customers for transmitting the power from the point of generation to the point of supply. Revenue from transmission of power is recognised over time for transmission of electricity based on the tariff notified by the TNERC from time to time. Input method is used to recognize revenue based on the Company's efforts or inputs to the satisfaction of a performance obligation to deliver power.

ii. Scheduling and system operating charges

The Company through State Load Dispatch Centre ("SLDC") collects scheduling charges from customers for scheduling the transmission of power and collects system operation charges from them. These scheduling charges are recognised as income on accrual basis.

Revenue from Short Term Open Access ("STOA") contracts are recognized as 'scheduling and system operating charges' in the financial statements as STOA contracts arises only when there is a transmission availability in the lines of LTOA / MTOA customers.

iii. Other operational income

- Reactive energy charges are collected by the Company when the generator of power does not inject the agreed quantity of power and are recognised as income on accrual basis.
- Reconnection charges collected from the customers for reconnecting the services which are disconnected or discontinued for any reason are recognised on accrual basis once the services are provided.
- Meter rents are collected from customers monthly along with the invoice raised for power consumption and are recognised as income on accrual basis.
- Testing and application fees are collected from the customers for testing of the Company's equipment and are recognised on accrual basis once the services are provided.

Tamil Nadu Transmission Corporation Limited
Notes to the financial statements for the year ended 31 March 2024

iv. Other income

- Interest income is recognized, when no significant uncertainty as to measurability or collectability exist, on a time proportion basis taking into account the amount outstanding and the applicable interest rate, using the EIR.
- Scrap other than steel scrap is accounted for as and when sold. Revenue from rentals and operating leases is recognized on an accrual basis in accordance with the substance of the relevant agreement.
- For debt instruments measured either at amortized cost or at fair value through OCI, interest income is recorded using the EIR. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the Statement of Profit and Loss.
- The liquidated damages/ interest on advance to suppliers is recognized when no significant uncertainty as to measurability or collectability exists.

i. Leases

Effective 1 April 2019, the Company adopted Ind AS 116, *Leases* and applied to all lease contracts existing on 1 April 2019 using the modified retrospective method on the date of initial application. Pursuant to adoption of Ind AS 116, the Company recognised right-of-use assets and lease liabilities for those leases which were previously classified as operating leases, except for short-term leases and leases of low-value assets. The lease liability is measured at the present value of remaining lease payments discounted at incremental borrowing rate applicable at the date of initial application and the right-of-use asset has been recognized at an amount equal to lease liability.

As lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the

underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments to be paid over the lease term at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Subsequently, the lease liability is measured at amortised cost using the effective interest method.

As lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for a major part of the economic life of the asset. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term.

j. Government grants

Government grants are recognised initially as deferred income at fair value when there is reasonable assurance that the grant will be received, and the Company will comply with the conditions associated with the grant. The grants are recognised in profit or loss as other operating revenue on a systematic basis. Grants related to depreciable assets are recognised in profit or loss over the period and in the proportion in which depreciation expense on those assets is recognised. Capital grants other than those related to depreciable assets are treated as deferred income which is recognized in the Statement of Profit and Loss statement on a systematic and rational basis over the useful life of the asset, i.e., such amounts are allocated to income over the periods.

k. Foreign currency transactions

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates i.e., functional currency. The Company's financial statements are presented in INR, which is also the Company's functional and presentation currency.

The foreign exchange transactions undertaken by the Company includes loans and purchase of other materials. Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the Statement of Profit and Loss in the year in which it arises.

l. Borrowing cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

m. Income-tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is

intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is not recognised for temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that the future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of the deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis, or their tax assets and liabilities will be realised simultaneously.

n. Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the

Tamil Nadu Transmission Corporation Limited

Notes to the financial statements for the year ended 31 March 2024

Company's other components, and for which discrete financial information is available. Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The Company's Board of Directors are responsible for allocating resources and assessing performance of the operating segments and accordingly is identified as the CODM. The Company's CODM reviews financial information presented, for purposes of making operating decisions and assessing financial performance of the Company. The Company has identified the following two reportable segments - 'Transmission of power' and 'State Load Dispatch Centre (SLDC)' (Also refer to note 46).

o. Earnings per share

The basic earnings per share ("EPS") for the year is computed by dividing the net profit/ (loss) after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The Company has no potentially dilutive equity shares, as the Company is a Government of Tamil Nadu undertaking with 100% equity shareholding.

p. Prior period items, accounting estimates and effect of change in accounting policy

Prior period items/errors of material nature are corrected retrospectively by restating the comparative amounts for the prior period(s) presented in which the error occurred. If the prior period error found material occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, are restated.

The effect of change in accounting estimate is recognised prospectively in the Statement of Profit and Loss except where they relate to assets and liabilities, the same is recognised by adjusting the carrying amount of related assets/liability/equity in the period of change. Changes in accounting policy due to initial application of Ind AS are dealt with in accordance with specific transitional provisions, if any in the respective Ind AS. In other cases, the changes in accounting policy are done retrospectively; the application of such change is limited to the earliest period practicable.

t. Events occurring after the balance sheet date

Assets and liabilities are adjusted for events that occur between the end of the reporting period and the date when the financial statements are approved by the Board of Directors that provide additional evidence to assist the estimation of amounts relating to conditions existing at the end of the reporting period. Such events are disclosed or given effect to in the financial statements as provided for in Ind AS 10, *Events after the reporting period*.

u. Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 01 April 2022, as below.

i. Ind AS 16 - Property, Plant and Equipment (PPE)

The amendments clarifies that excess of net sale proceeds of items produced over the cost of testing while preparing the asset for its intended use (if any), shall not be recognise in the profit or loss but deducted from the directly attributable cost considered as part of cost of an item PPE. The Company has evaluated the amendment and there is no impact in recognition of its property, plant and equipment on its standalone financial statements.

ii. Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its standalone financial statements.

iii. Ind AS 109 - Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.
